Introduction

At Trumpington Community College we want all of our students to be able to function effectively in any area of society and as part of a community. We also want them to feel confident in a variety of situations.

We believe that there are no excuses, no short-cuts or barriers to learning, and we recognise that students learn best in a safe, nurturing and caring environment.

Nothing is more important to us than all students' learning and making progress, and being happy, rounded individuals.

Bullying of any form is not tolerated at Trumpington Community College..

The School's explicit teaching of behaviour for learning minimises opportunities for children to be bullied or become bullies.

We take all claims of bullying extremely seriously, and resolve individual issues promptly, fairly and with a view to teaching positive behaviours for the future.

What is bullying?

Bullying is a form of anti-social behaviour that the School considers inappropriate and unacceptable in all its forms.

Bullying is behaviour by an individual or group, repeated over time, that hurts another individual or group either physically or emotionally. It can take many forms, including:

- Cyber-bullying via text messages or the internet
- Prejudice-based bullying against particular groups, for example, on grounds of special educational need, race, gender, religion and belief, sexual orientation, disability

Bullying can be motivated by actual differences or perceived differences.

Bullying can be:

- Physical e.g. punching, kicking, hitting, spitting at another person
- Verbal e.g. name-calling and/or offensive, discriminatory verbal abuse
- Exclusion e.g. deliberately excluding a person or encouraging another person to exclude a person from discussions/activities
- Damage to property or theft e.g. deliberately damaging someone's or taking personal belongings.
- Physical or verbal threats might be used to force the person to hand over their property
- Face-to-face or remote e.g. via the internet or text
- By someone known to the recipient or an unknown protagonist e.g. an anonymous email
- Cyber-bullying e.g. communications that intimidate, control, manipulate, put down, falsely discredit, or humiliate

Statutory framework and other guidance

This policy complies with all advice and legislation contained within:

- DfE Guidance 'Preventing and Tackling Bullying' March 2014

- DfE Guidance 'Behaviour and Discipline in Schools' July 2013
- DfE Guidance 'Safe to learn; embedding anti-bullying work in Schools'

There are a number of statutory obligations on schools with regard to behaviour which establish clear responsibilities to respond to bullying. In particular section 89 of the Education and Inspections Act 2006:

- provides that every school must have measures to encourage good behaviour and prevent all forms of bullying amongst students. These measures should be part of the school's behaviour policy which must be communicated to all students, school staff and parents;
- gives head teachers the ability to discipline students for poor behaviour that occurs even when the student is not on school premises or under the lawful control of school staff.

Other relevant legal frameworks that this Policy adheres to:

- Education and Inspections Act 2006
- Equality Act 2010
- Children Act 1989
- Education Act 2011
- School Standards and Framework Act 1998
- Independent School Standard Regulations 2010

Although bullying in itself is not a specific criminal offence in the UK, it is important to bear in mind that some types of harassing or threatening behaviour – or communications – could be a criminal offence, for example under the Protection from Harassment Act 1997, the Malicious Communications Act 1988, the Communications Act 2003, and the Public Order Act 1986.

Implementation

A: Prevention

Trumpington Community College is an inclusive, safe environment where any form of discrimination is opposed. The consistent application of the School's Behaviour policy ensures that all children have an equal and fair chance to thrive and learn in an atmosphere of respect and dignity.

We expect the entire community of Trumpington Community College to be united in our drive to eradicate all forms of bullying. We recognise that prevention and education is the most positive and effective means of eliminating bullying from our community.

At Trumpington Community College, we praise positive behaviours and recognise and promote examples of caring, co-operative relationships. We are role models in all that we do and demonstrate our respect for every member of the community through every interaction every day.

We explicitly teach behaviours and attitudes of respect, care and tolerance through our PSHE curriculum, assemblies, morning addresses and events.

B: Intervention

Children must recognise that the School will not accept bullying. However, it is imperative that all claims of bullying are investigated in an impartial, fair and consistent manner, using the system below. We do not 'bully the bullies'.

When an incident of bullying is reported we:

- make it easy for students to report bullying including bullying which may have occurred outside of school, by being clear that students can report bullying to any member of staff without fear of further bullying or discrimination
- take any report of bullying seriously and investigate it thoroughly
- implement sanctions for any student found to have bullied another student. This might include detention, time in the Reflection Room, suspension, depending on the nature, severity and context of the bullying (see the Behaviour policy)
- work with perpetrators using a restorative justice approach to help them to take more responsibility for their actions, to repair the harm done and to ensure there is no repetition
- work closely with the parents/carers of the perpetrator, and inform them of the outcome of the investigation
- support the victims of bullying, by for example, making sure there is an adult who is their first point of contact to express ongoing concerns, and use external agencies such as a counsellor, where appropriate
- record all instances of bullying in line with the Behaviour policy, and identify and respond to patterns

If we feel that an offence may have been committed, the police will be informed by the Designated Safeguarding Lead.

A bullying incident is addressed as a child protection concern when there is 'reasonable cause to suspect that a child is suffering or is likely to suffer, from significant harm' (Children Act 1989) When this is the case, the Child Protection Officer will follow the procedures outlined in the Child Protection Policy.

Where bullying outside the school is reported to staff, it is investigated, and appropriate action taken.

Prevention

We aim to foster a positive school environment with equality of opportunity, respect and tolerance for all. Peer on peer abuse, including bullying, can and will occur on any site even with the most robust policies and support processes.

This school has an open environment where young people feel safe to share information about anything that is upsetting or worrying them.

Within this environment, bullying and peer-on-peer abuse is prevented in the following ways.

- **Curriculum:** Knowledge and understanding of others is taught through the PSHE our and Personal Development Curriculum.
- **Pastoral Support:** Our pastoral programme works on developing students' personal skills and character as well as allowing opportunities for bullying to be reported.
- **Assemblies and Morning Addresses:** Information and education around bullying is delivered through assembly time, tutor programme including Votes for Schools.
- **Whole School Initiatives:** The promotion and engagement with Anti-Bullying Week and other national initiatives on an annual basis. Guidance on how to report bullying is shared with all students and repeated through the year.
- **Student Voice:** We harness student voice through student focus groups. We get feedback on our procedures through a student survey with a focus on bullying and student consultation of the anti-bullying policy and procedures for reporting.
- **Support and report:** Clear signposting is given and available to young people.
- **Parents:** We provide parents with guidance on how to report bullying incidents and links to external agencies and guidance, especially on e-safety and cyberbullying.

Principles

The following framework underpins the Anti-Bullying Policy at Trumpington Community College.

The process:

- Puts learning at the centre of every decision
- Is fair, open and transparent
- Ensures that the School community is safe, nurturing and focused on learning
- Explicitly teaches tolerance and respect for others
- Ensures that perpetrators of bullying have appropriate sanctions, and take responsibility for their actions
